

**EPSON**  
EXCEED YOUR VISION

### Every moment matters.

Photo, Portability, Prestige. Indulge in the allure of glamorous and beautiful photos of you and your loved ones at every occasion or simply at home with PictureMate 100. The standalone dedicated 4R (4"x6") compact photo printer adds distinction to your modern lifestyle for gorgeous and long-lasting photographs of memorable moments effortlessly in seconds.

**Beautiful Memories**  
Let beautiful moments speak for themselves. With a maximum print resolution of 5760 optimised dpi and 3pl ink droplet size, the PictureMate™ 100 produces superior 4R (4"x6") photo-lab quality prints to capture fleeting moments.

**Print Anywhere**  
Print photos as and when. No more the hassle of making a special trip to the photo lab and waiting for days to view those favourite moments, or storing and forgetting those digital images in computers and memory cards for ages.  
  
With the optional battery pack, bring this portable photo companion to the outdoors and share photos instantly.

**Snap, Print, Enjoy**  
Link up digital cameras with PictBridge or USB Direct-Print or send images from mobile phones with an optional Bluetooth adapter. Print via PC with EPSON Creativity Suite, an enhanced photo software solution from Epson.

**Creative Touches**  
View, choose and print digital images from memory cards on a 1.5" colour LCD, by simply press "PRINT".  
  
Creative photo printing is so straightforward and easy. Choose how you want your photos printed – BorderFree™, with border or 2-up (2 images in 1 4R (4"x6") paper).

**Lasting Memories**  
Beautiful moments are meant to last and so will the photo prints. Your lovely memories in print with PictureMate photo paper and ink are water- and smudge-resistant.  
  
Convenient and truly affordable, Epson offers the PicturePack, consisting of ink cartridge and glossy photo paper.

**Smart Enhancements**  
PictureMate™ 100 perfects your photo moments with the new Photo Enhance function for image enhancement and correction. It improved by having some detection that enhances images based on whether they are portrait, landscape or nightscape.

- Print out in seconds beautiful and long-lasting photographs of these memorable moments with the PictureMate™ 100, a standalone dedicated 4"x6" compact photo printer.
- Beautiful photo prints from your personal photo lab – anytime, anywhere!
- Admire those perfect, unforgettable moments of you and your loved ones in an instant
- So simple and easy to use that anyone can operate it without a PC
- Water- and smudge-resistant photos that can last for years

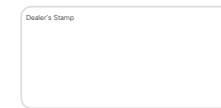

PictureMate™ 100 brings you instant photo enjoyment and convenience.

**PictureMate 100**

When printed on EPSON Premium Glossy Photo Paper †† to use the USB port, your PC must conform to USB 2.0 specifications, and have Windows® installed. Consult the documentation provided with your PC for further information about USB connectivity. Note also that printing errors may occur if non-standard cables or more than two hub connections are used.

**Print Speed Data Printout Patterns**  
The Printout Patterns below show the printout patterns used to determine print speed specifications.

**Print Speed Note:**  
The print times shown in this brochure are the average times for multiple prints of the same page over one minute. Times are measured from the start command to delivery of the page in the tray. The times were obtained using the following systems: 1GB Pentium® III, 256MB RAM, Windows XP (USB 1.1 Interface). Print times will vary depending on computer configurations, with age, application, coverage and page complexity.
