

superior scans
at a touch

Quickstart your creative projects in crisp, vibrant 600x1200 dpi

memories disc creator - bring your images into the living room

- scan your favourite images or photos into your PC
- with HP Memories Disc Creator software* you can create a CD presentation of your photos, complete with your choice of background music **New!**
- the CD presentation can be created in different formats (PAL, NTSC, etc) for easy playback on most VCD and DVD players
- intuitive software helps you design your CD jewel cover case

easy one-touch scanning and copying

- two front panel buttons - scan and copy
- one-step access to frequently-used scanning commands eliminates tedious steps and saves time (eg. scan and send images directly to your printer by pressing the 'copy' button)

optimum image quality for printing, e-mailing or web posting

- enjoy high quality images with up to 600 dpi optical resolution and 48-bit colour
- ideal for everyday scanning where time and space are at a premium
- speedy preview scans in as little as 14 seconds

full-speed USB connection for faster results

- easy plug-and-play process sets you up in seconds
- compatible with Microsoft® Windows® 98, 2000, Me, XP Professional and XP Home Edition
