

## technical data

### Your perfect start to the wonderful world of HP colours

#### simple

- easy to set up and use with simple operation
- save time and money with on-screen ink level indicator and print cancel features

#### vibrant colours

- great results on plain paper — brilliant colours and true black text
- smooth colours and more shades with HP PhotoREt 3 colour layering technology — giving you realistic photo images
- up to 1200 x 600 dpi colour printing on photo papers
- print longer lasting photos with specially formulated hp fade-resistant inks and photo papers

#### compact

- space-saving design with fold-up paper tray
- prints up to 8 ppm in black and 6 ppm in colour
- ideal for email, Internet printing and other home projects
- designed for USB-compatible PCs and Macintosh® computers

# hp deskjet 3325

## technical specifications

| <b>print method</b>                | drop-on-demand thermal inkjet printing                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |               |        |        |      |            |      |      |        |                            |      |      |      |                  |        |      |        |                      |     |     |        |
