lower resolution printout | with 4800-optimised dpi+

up to 4800-optimised dpi+ in colour

Get the ultimate in high resolution digital photo printing with the 4800-optimised dpi+ mode. This alternative printing mode is ideal for high resolution source images up to 1200 x 1200 dpi. Whether it's a portrait or an intricate architectural facade, every detail leaps from the page.

+up to 4800 x 1200-optimised dpi colour printing on premium photo papers and 1200 x 1200-input dpi

hp photoREt 3 colour layering technology

Enjoy brilliant photo-quality printing with HP PhotoREt 3 colour layering technology. By the intelligent overlaying of up to 29 ink droplets onto every printed pixel, you get beautiful colour reproduction and excellent realism. All these improvements in colour rendition are achieved without increasing the dpi used which means that every printout is completed in a shorter time.

hp's laser-quality 1200 dpi mode

crisp black text printing

Deliver professional text printing results with 1200 dpi* printing. Every curve and stroke is delivered precisely for truly impressive documents.

*1200 x 1200 dpi rendered black text printing on inkjet paper

easy to use

With one-touch operation, the HP PSC 1210 lets you do more everyday. The one-touch button activates colour copying and colour scanning. In fact, with simplified and intuitive controls, it's easy to enlarge documents, make multiple copies and much more.

simple and easy-to-use

just walk-up to copy

Discover the pleasure of your own personal colour copier with the HP PSC 1210. You can make up to 9 copies and even enjoy automatic 'fit-to-page' functionality. Simple and friendly productivity that you can appreciate every day.

easy flatbed scanning

Thanks to the convenient flatbed scanner, scanning a high-resolution image is easy. Simply place the documents on the scanning bed, press a button and the scanned image is automatically delivered to a pre-determined software.

scan books and magazines easily

creative solutions for business

HP Photo & Imaging software helps you organize all your images. One set of instructions, icons and menus simplifies printing, scanning and other functions. In fact, with the 'quick projects' feature, it's easy to create tiled promotional posters, business cards and so much more!

create instant projects with the 'quick projects' feature

hp memories disc creator

Create a business multimedia slideshow with HP Memories Disc Creator software. An easy-to-use application software, you can put photos, text and appropriate background music together for an impressive presentation. It even offers a step-by-step guide to creating your own CD.

the 'clone' feature makes it so easy to reproduce multiple images onto one page
