HP Deskjet 5740
Colour Inkjet Printer

Desktop printing is now faster, more colourful and a whole lot more convenient with the HP Deskjet 5740. Featuring print speeds of up to 23 pages per minute (ppm) in black and 18 ppm in colour[1], any document can be produced quickly. You'll also be able to produce impressive results with 4800-optimised dpi[2] or optional 6-ink colour[3] printing. All in a space saving design that combines everyday convenience and practicality.

High-speed printing on your desktop
Print documents efficiently at speeds up to 23 ppm in black and 18 ppm in colour[1]. Further enhance speed and productivity up to 26 ppm in black with an optional high performance HP Black Inkjet Print Cartridge[4]. This optional cartridge also allows you to print more pages with its high capacity ink tanks. You'll save time and hassle with fewer ink cartridge replacements.

Enjoy professional photo quality
- **Up to 4800-optimised dpi[2] in colour**
  4800-optimised dpi[2] mode delivers professional photo quality results every time you print. This mode is especially useful for printing higher resolution source images from digital cameras and scanners.
- **Optional 6-ink colour[3] printing**
  Add an optional HP Photo Inkjet Print Cartridge for enhanced colour reproduction and images that are virtually grainfree – all thanks to HP PhotoREt 4 Colour Layering Technology.

Convenient controls on the front panel
- **Print cancel button**
  The one-touch 'print cancel' button lets you stop any print job instantly, helping you save both ink and paper.
- **Low ink level indicator**
  Get advance warning of low ink levels with the on-printer ink level indicator.

Print photos with or without borders up to A4-size
You can choose to print photos with or without borders for all standard and custom photo sizes, up to A4-size. You will also be able to print panoramic photos up to 8.5" x 24".

Compact design
Designed to fit in small spaces, the HP Deskjet 5740 features a 100-sheet input paper tray that folds up when it's not in use. Just perfect for the crowded desktop.

Intelligent features
- **Paper type sensor**
  A sophisticated optical sensor recognises the paper type and automatically configures the printing parameters to maximise print quality.
- **Ink-backup printing mode**
  Now you can finish your print job even when one cartridge runs out of ink – simply by printing with the other remaining ink cartridge.

HP reliability
An HP Deskjet is both durable and reliable. And this superb reliability is backed by excellent HP service and support. In fact, HP has been awarded an 'A' or 'A+' rating in PC Magazine's Printer Service and Reliability Award for the past 12 consecutive years.

Lower resolution printout

4800-optimised dpi[2] mode

Optional 6-ink colour[3] for true-to-life photo printing

Convenient controls on the front panel
