Widescreen productivity

The HP Compaq nx7000 notebook offers a stunning new 15.4-inch widescreen display featuring a wide format and a wide-viewing angle with exceptional clarity to enhance your business productivity.

- 16:10 widescreen aspect ratio is great for viewing two applications side-by-side, editing digital content or watching full-screen DVD movies.

- Extra-wide viewing angles provide a range of vision that is 33% greater than comparable notebooks, giving you desktop-like performance with the flexibility and convenience of a portable.

- High resolution (up to 1920x1200), 20% brighter (185-nit backlight) and other advanced features provide clear and true colour for images and multimedia applications while enhancing the visibility of presentations, spreadsheets, and other routine business applications.

- USB 2.0 and IEEE 1394 ports provide blazing fast connections to external devices such as hard drives and digital cameras – making the sharing of large files quick and simple.

## Optimised for wireless mobility

The thin, light HP Compaq nx7000 offers a wide range of wired and wireless capabilities with innovative Intel® Centrino™ Mobile Technology for the ultimate in mobility and productivity.

- Weighs approximately 2.45kg and measures about 3.45cm thin with improved thermal performance and thin-processor packaging.

- Work the way you want with the powerful Intel® Centrino™ Mobile Technology which combines Intel® PRO/Wireless 802.11b Network Connection and Intel® Pentium® M processor to provide unsurpassed wireless connectivity.

- Battery life of over 5 hours.

The HP Compaq Business Notebook nx7000 delivers high-performance technology and the freedom of mobile computing in a simple yet powerful package. It helps you meet your business challenges through the combination of state-of-the-art 15.4-inch widescreen technology, innovative Intel® Centrino™ Mobile Technology, and the freedom of mobility – all at an affordable price.
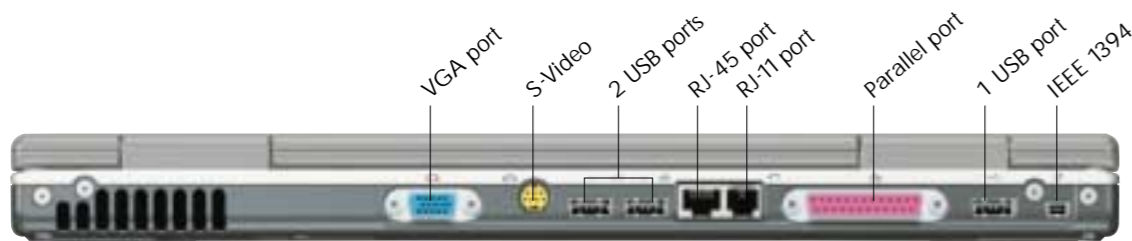

Top-of-the-line performance

The HP Compaq nx7000 is designed as a state-of-the-art business solution with enhanced system performance.

- ATI® Mobility™ Radeon™ 7500 (32MB) or 9200 Graphics with 64MB of DDR-SDRAM provide impressive graphics performance.

- Large hard drives of up to 80GB at 4200 rpm and 60GB at 5400 rpm provide quick access to data.

- Choice of optical drives allows for easy CD or DVD recording and play back.

- JBL Pro speakers provide crystal clear and dynamic audio for superior performance in multimedia applications.

Backed by HP Services

HP has always been known for its quality of service, integrity, motivation, flexibility, commitment and expertise – and has a proven track record in long-term technology and solutions advice. When it comes to increasing business agility, reducing costs, expanding or optimising enterprise assets, and keeping IT up and running, HP Services are the experts.
